

Pallet Merchandisers

Manufacturer's Direct Pricing

E2 Merchandising creates, produces and delivers innovative solutions for visual merchandising that strengthen brand identity and increase sales. We accomplish this with meticulous attention to detail and **out-of-the-box creativity**. Our philosophy is simple – create *by problem solving*, build *with value*, and manage *with service*.

E2's **PALLET MERCHANDISERS** are designed to quickly draw the customer's attention to a variety of products, such as area rugs, artificial turf and more.

Safety Bar

The Passive Safety Bar mounts to the front of the unit and retains the rugs from falling forward. Customers remove the bottom of the rug first then pull the rug out from the Safety Bar.

The Safety Bar is adjustable by mounting it high for 8x10 rugs, or in the lower position for 5x8 rugs.

Gravity Gate

The Gravity Gate lifts up to remove a rug, then automatically returns down to hold the rugs in place.

The Gravity Gate does not rely on the customer to return and latch the safety gate.
